

Bootstrap Assignment

1. Create a heading using the display-1 class and make the text uppercase. Apply a primary background color and white text.
2. Create a Bootstrap grid with 12 equal columns. Display numbers from 1 to 12 using col-1.
3. Build a two-column layout using col-6. Place an image in the first column and content in the second column.
4. Create a Flexbox container using d-flex and justify-content-evenly. Arrange five boxes with different order classes.
5. Create a paragraph with m-5 and p-5. Add a rounded-pill border, center the text, and apply a background color.

ANSWER:

1,2,3,4,5:
